

**\*Every Day Is a Step Towards Success\***

Staff Meeting

11th July 2026

Savio Hall

Don Bosco Wisdom Town

Animation by Fr. John Christy, SDB

Rector & Correspondent

Don Bosco Wisdom Town

Dear Teachers and Staff,

**\*Yesterday is history. Tomorrow is a mystery. All that we truly possess is today.\***

Our future is not determined by luck or chance. Destiny is shaped by the decisions we make every single day. Every lesson we prepare, every child we encourage, every smile we share, every correction we offer with love, every moment of patience we show, and every responsibility we fulfil becomes another step towards our common goal.

**\*Success is hidden in our daily routine.\*** Excellence is not built through one extraordinary act but through hundreds of ordinary actions performed consistently with commitment, discipline, and love. The habits we cultivate today become the achievements we celebrate tomorrow. Every ordinary day, lived with extraordinary dedication, becomes the foundation of a remarkable future.

As educators in the Salesian tradition of Don Bosco, we are called not merely to complete our work but to transform lives. Every day, we have the privilege of shaping the minds, hearts, and character of young people. A kind word, a listening ear, a well-prepared lesson, a patient correction, and above all, our

personal example, can leave a lasting impression on a child. Our daily witness speaks louder than our words.

Let us not dwell on yesterday's mistakes or become anxious about tomorrow's challenges. Instead, let us embrace the gift of today with renewed enthusiasm and commitment. When each one of us strives for excellence in the little things every day, we create a culture of excellence throughout our school.

\*Together, we build not only successful students but also responsible citizens and faith-filled persons.\*

Remember:

\*Every day is a new opportunity.\* Every routine is a step forward. Every decision shapes our future. Every act of dedication brings us closer to our mission. Success is built one day at a time. Let us make today count—for ourselves, for our students, and for the vision of Don Bosco.
