See the Good in Others

The World Is a Reflection of Your Heart

The Story of Two Travellers

Two travellers asked an old man, *"Are the people in this village good or bad?"*

The first, who was full of complaints about his previous village, was told, *"You will find the people here to be just the same."*

The second, who spoke with gratitude about the kind and good people he had lived with, was told, *"You will find the people here to be just the same!"*

The grandson asked, "Why two different answers?"

The old man replied, *"My child, the world often reflects what is inside our hearts."*

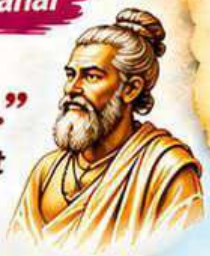

The Message

If your heart is full of anger and bitterness, you will find anger and bitterness everywhere. But if your heart is full of kindness and goodness, you will find kindness and goodness wherever you go.

The Wisdom of Kaniyan Pungundranar

"தீதும் நன்றும் பிறர்தர வாரா."

"Good and evil do not come from outside; they spring from within a person."

The Salesian Way – The Spirit of Don Bosco

Don Bosco taught us to live with **Optimism and Joy.** He saw the goodness and potential in every young person, even in difficult situations.

Let Us Practise

- See the good in our classmates.
- Appreciate the talents of others.
- Avoid gossip and negativity.
- Be kind, positive and joyful.
- Bring out the best in ourselves and in others.

Remember...

We do not always see people as they truly are. Very often, we see them through the lens of our own hearts.

*Let us cultivate goodness within ourselves, appreciate the goodness in others, and live with **Optimism and Joy**, the true Salesian spirit of Don Bosco.*
