Be the Best You!

BEYOND THE ROCKS

A NEW WAY
A NEW WORLD
NEW HORIZONS

Have the courage to explore!

A small pond was home to a hundred fish. They had one strict rule: never go beyond the rocks, because whoever went there never came back.

"Nothing but darkness and danger!"

The little fish gathered its courage and crossed the rocks. It discovered a river that flowed into the vast ocean – a new world with endless water and thousands of fish!

> "You are not trapped. You have simply been told that you are. Sometimes the biggest barrier in your life is not the world around you, but the fear you have been taught to believe."

FOR STUDENTS

Be Courageous and Explore!

- Believe in your potential.
- Try new things.
- Ask questions.
- Discover your gifts and talents.
- Do not be afraid of challenges.
- Take one step beyond your comfort zone.

FOR TEACHERS

Guide, Encourage, Accompany!

- Create a safe and supportive learning environment.
- Help students discover their strengths.
- Encourage them to dream and try.
- Be companions in their journey.
- Inspire them to go beyond their limits.

FOR PARENTS

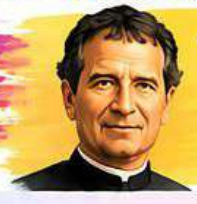

Support, Believe, Empower!

- Believe in your child's potential.
- Give them opportunities to explore.
- Encourage and appreciate their efforts.
- Be their first supporters.
- Help them grow with confidence and values.

SCHOOL IS A BEAUTIFUL SETTING

where you can explore your potentials, discover your gifts and talents, develop your capacities, and create your own path to greatness.

"Give me the young, and I will give you the future."
– Don Bosco

Let us take courageous steps, explore new horizons and make this a joyful week of learning!

Good morning and God bless you all!
