HOLISTIC EDUCATION – THE DREAM OF DON BOSCO

Don Bosco believed that every young person should grow as a complete human being. His educational system focuses on the **integral and holistic formation** of every child in four important dimensions.

"Education is a matter of the heart." – Don Bosco

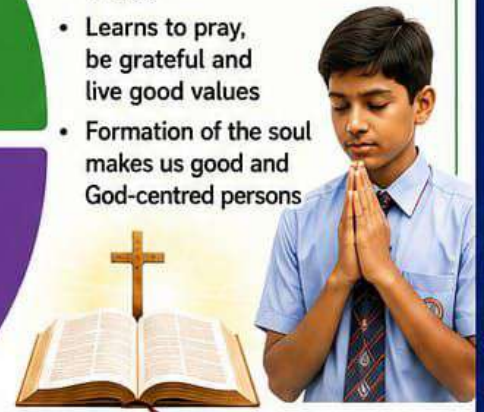

1. FORMATION OF THE MIND (Intellectual Growth)

- Develops the brain
- Learns to think, understand, question and analyse
- Thinks critically and creatively
- Makes meaning out of learning

2. FORMATION OF THE SOUL (Spiritual Growth)

- Experiences God's love and care
- Develops faith and trust in God
- Learns to pray, be grateful and live good values
- Formation of the soul makes us good and God-centred persons

3. FORMATION OF THE HEART (Social & Emotional Growth)

- Human beings are social beings
- Learns friendship, cooperation, respect, equality
- Grows in brotherhood and sisterhood
- Lives, learns and grows together
- Builds a loving, caring and compassionate heart

**"Help every young person to be:
Intelligent, Good,
Loving and Responsible
in Life."**

4. FORMATION FOR LIFE (Vocational Growth)

- Discovers talents, abilities and interests
- Learns to make right choices
- Helps in choosing subjects, sports, activities and career
- Guides towards a meaningful life and the right path

THE FOUR DIMENSIONS TOGETHER FORM THE HEART OF SALESIAN EDUCATION

Intellectually
sound

Spiritually
strong

Emotionally mature
& socially
responsible

Capable of making
wise life choices
& finding purpose
